

**WEST VILLAGE**  
**1 NOVEMBER 2015 – 30 APRIL 2016**  
**BRUTTO PRICE**

We're proud to announce the launch of a totally new accommodation experience that will take your breath away. **The Kelo-Glass Igloo** combines the comforting warmth of our cosy log cabins with the sensational views of our world-famous glass igloos.

Kelo is a special type of pinewood found only in Lapland. In the extreme climate of the unforgiving north, the trees grow slowly and the wood hardens to produce a tough material that's perfect for building.

**Our 16 new Kelo-Glass Igloos will be ready to receive visitors in November 2015.** All feature a private sauna, fireplace, kitchenette, and a bedroom with a stunning glass roof. Take in the enchanting beauty of the northern lights and the Lappish wilderness from the comfort of your own private hideaway.

| <b><u>KELO-GLASS IGLOO</u></b>                                                                                                                  |                                                                   |                                                                   |                                                          |            |
